

rainscreen cladding facade System build-up (horizontal section): Axial arrangement of carrier profiles in the panel joint	StoVentec Glass	Rev. no. 2017-06-01 Sto-HQ-EN
	VGP-SAR-0011	

A	length of the wall bracket (see VGP-SAR-0015)
H	ventilation airspace in accordance with DIN 18516-1 – $H \geq 20$ mm; recommendation for the planning of the facade: $H \geq 30$ mm

Note: This drawing is a general, non-binding planning suggestion which depicts the execution only schematically, but is no substitute for the required working and detail drawing as well as the installation plans. The applicator/planner/customer is independently responsible for determining the suitability, completeness and dimensions of the product for the particular construction project. Neighbouring works are described only schematically. All specifications and assumptions must be adjusted or agreed in the light of local conditions. Compliance with the technical specifications contained in the Technical Data Sheets, application guidelines, and system approvals is mandatory.
